

Why Take It Again

Minor Detail

Today we feel insecure
Our jobs our homes we no longer own
Fear of the future weakens us even moreWe give our freedom away
believing many empty promises
from those who can't deliverAre we gonna take it again
Our voices never heard
Our hopes never fulfilled
No we will decideAre we gonna take it again
Our voices never heard
Our hopes never fulfilled
No we will decideWe have a race to run
We have a job that must be done
Only we have the power to achieveCourage and effort will see us through
and give us freedom to plan our own lives
and to realize our dreamsAre we gonna take it again
Our voices never heard
Our hopes never fulfilled
No we will decideAre we gonna take it again
Our voices never heard
Our hopes never fulfilled
No we will decideAre we gonna take it again
Our voices never heard
Our hopes never fulfilled
No we will decideAre we gonna take it again
Our voices never heard
Our hopes never fulfilled
No we will decideAre we gonna take it again
Our voices never heard
Our hopes never fulfilled
No we will decide
