

# Lil' Nigga Ain't Mine

## Jaheim/Precise/Jaheim/Jaheim

All my real niggas, Ja in this muthafucker  
Ghetto slick niggas putting it down  
No, lil' nigga ain't mine  
What you think a muthafucker blind  
Looks just like Ginuwine  
I know you been tappin' that spine  
Or could it be that nigga doin' time  
That got your stupid ass in a bind  
Back in 99 when everybody thought you were so fine  
The nigga ain't mine  
Yo' knock it off bub, you're killing me, he couldn't be mine  
He too yellow and your skin darker than mine  
Grade of hair too good, both of ours is rough  
He ain't got my eyes, they ain't brown enough  
You playin' baby shower stunts while I'm countin' the months  
So all I'm thinkin' is why me and what the fuck you want  
You better call that pretty boy up and harass him  
Ja told me that you were knockin' boots wit him  
I ain't your baby father, ain't even close to that  
Now what I look like, forget it don't answer that  
I'm probably a fool you know what you're probably right  
Like I'm probably his pops and I'm probably white  
Get on before you get jumped on an such  
That lil' nigga ain't what you stoned or what  
(NO!)  
Thanks a lot, Ja, Ja ain't you're baby dad, you need to slow down, love  
'Cause you're moving too fast you know? Tell 'em Ja  
No, lil' nigga ain't mine  
What you think a muthafucker blind  
Looks just like Ginuwine  
I know you been tappin' that spine  
Or could it be that nigga doin' time  
That got your stupid ass in a bind  
Back in '99 when everybody thought you were so fine  
The nigga ain't mine  
Ha! Ain't nothing, no! A nigga ain't with that shit  
Girl you've got some kind of nerve, all I done for you  
Ain't got no words for you, just pack your shit and go  
Find your baby father, 'cause I baby fathe'm not him, I baby no

What you think I don't know your dealo better go find that nigga then girl

(I'mma tell you one time)

Lil' man got that same head display the same eyelashes

The same DNA kid the match ain't clashin'

Asking 'bout somebody up north you killin' me soft

You wanted it rough, said your shit broke off

Meet Ginuwine one time he tried to beat me in the head with that

Meet me in the bed with that he triggered these drawers

Since I let you dip in and check the birth certificate

Put a clip in it, uh huh, nigga that's yours

No lil' nigga, ain't mine

What you think a muthafucker blind

Looks just like Ginuwine

I know you been tappin' that spine

Or could it be that nigga doin' time

That got your stupid ass in a bind

Back in 99' when everybody thought you were so fine

The nigga ain't mine

Dude told me how these hoes be

Can't respect you you hustle life ain't a ghetto

(Come on)

(What, uh huh)

Room full of lies, freak on the high note

(Freak on the high note, fuck you)

Now she probably broke hate to kill your high hopes

(I've got heaps of cash)

(Must be i got stupid on my head)  
Looks just like Ginuwine  
I know you been tappin' that spine  
(Tap tap tap)  
Or could it be that nigga doin' time  
That got that stupid ass in the bind  
(That brother right there, who?)  
Back in 99' when everybody thought you were so fine  
(Oh, back in '99)  
The nigga ain't mine  
No lil' nigga ain't mine  
What you think a muthafucker blind  
(Tell me)  
Looks just like Ginuwine  
(Lady)  
I know you been tappin' that spine  
Or could it be that nigga doin' time  
That got your stupid ass in a bind  
Back in 99' when everybody thought you were so fine  
(Thought you were so fine)  
The nigga ain't mine  
(No!)
