

Storm in Me

Winger

Mayday, Ragin' storm inside of me
Make way, Tidal wave of crazy I never meant to break your dream
I never meant to make you make you scream Storm In Me, gonna blow this down
Fire In Me, Gonna burn it to the ground
Beast is me, Gonna wipe this out
Devil In Me, gonna load another round Black out, blue flood affliction
Break down, Ricochet addiction I never meant to Make you cry
You are my deepest love inside Storm in me, gonna blow this down
Fire in me, gonna burn it to the ground
Beast in me, Gonna wipe this out
Devil in me gonna load another round I can't control the reason why I wish I never felt this way
Rewind to wash it all away Storm in me, gonna blow this down
Fire in me, Gonna burn it to the ground
Beast in me, Gonna wipe it out
Devil, in me Gonna load another round
