Tokyo

Telekinesis

I, I, I, Went to Tokyo
Only in my dreams, because they're all I know
Neon lights flashing in my brain
Cruising through the city on a bullet trainDove into the depths of the deepest sea
I know I can't swim, that's the funny thing
Only in my dreams, only in my dreamsI'll try and keep up, but I know I'm failin'
I'll try and keep up, but I know I'm failin'Only in my dreams, only in my dreams
Only in my dreams, only in my dreams
Tell me what you see, tell me what you see
Tell me what you see, tell me what you see
Only in my dreams, only in my dreams
Only in my dreams, only in my dreams
Tell me what you see, tell me what you see
Tell me what you see, tell me what you seeI'll try and keep up, but I know I'm failin'
I'll try and keep up, but I know I'm failin'
I'll try and keep up, but I know I'm failin'
I'll try and keep up, but I know I'm failin'I, I, I, Went to Tokyo
I, I, I, Went to Tokyo
I, I, I, Went to Tokyo
I, I, I, Went to TokyoI, I, I, Went to Tokyo
I, I, I, Went to Tokyo
I, I, I, Went to Tokyo
I, I, I, Went to Tokyo
