Kiss Chase

Stooshe

I see you, boy in the corner,
and i want you yes i do,
with only women in-between us,
these rules apply to you.
If you can get away, and i won't get to play,
'cause if i can catch i can keep you for another day,
so boy you better race, into outer-space,
don't call your mommy 'cause your mommy can't keep you safe.
5...4...3...2...1, remember kiss chase.
- Run! Run! what'cha gonna say when i'm coming your way?
now Run! (faster!) Run! (faster!) ready or not yeah, here i come,
let's dance, remember kiss chase,
K-k-k- kiss chase.
As i move a little closer,
and i got my sights on you,
you can see that you don't like this game,
but it's better when you lose.
If you can get away, and i won't get to play,
'cause if i can catch i can keep you for another day,

so boy you better race, into outer-space,
don't call your mommy 'cause your mommy can't keep you safe.
5...4...3...2...1, remember kiss chase.
- Run! Run! what'cha gonna say when i'm coming your way?
now Run! (faster!) Run! (faster!) Ready or not yeah, here i come,
let's dance, remember kiss chase,
K-k-k- kiss chase.
See you can never get away from me,
but you shore did damn try,
but now i'm kissing on ya, kissing on ya baby,
i'm shore you'll stand by.
Ye, ye, ye ye ye ye.
- Run! Run! what'cha gonna say when i'm coming your way?
now Run! (faster!) Run! (faster!) Radio 9 ye, here i come,
let's dance, K-k-k- kiss chase,
K-k-k- kiss chase.
- Run! Run! what'cha gonna say when i'm coming your way?
now Run! (faster!) Run! (faster!) Ready or not yeah, k-k-k- kiss chase.
