Set the Night to Music

Starship

Set the night to music
Set the night to musicLook at all the stars tonight
Look at all the moonlight
Look at us we're all alone
Oh and it's just like a dream
Some romantic fantasy
Darling come and hold, hold me closeWe could be making love
And with the slightest touch
We could set the night to music
We could set the night to music
We could do what we want to do
It'll only take me and you
To set the night to musicFind a rhythm all our own
Melt into it nice and slow
Love ourselves away from here
Your heart beating next to mine
Perfect love in perfect time
Watch the world disappearThis moment is ours to take
And with the love we make
We could set the night to music
We could set the night to music
We could do what we want to do
It'll only take me and you
To set the night to musicOh, oh, oh, oh, oh, oh, yeah
Oh, oh, oh, oh, oh, oh, yeahThis moment is ours to take
And with the love we make
We could set the night to music
We could set the night to music
We could do what we want to do
It'll only take me and you
To set the night, set the night
Set the night to music
Set the night to musicWe could set the night to music
We could set the night to music
We could set the night to music
