Inner Strength

Veigar Margeirsson

Here we sit all alone in an outnumbered fight
Led to decipher between wrong and right
And some may fail at this joke that some of us call life
Yes at this game that some call lifeBut the system can't bail me out of hell
I've made this discovery and it has helped
All I've got is myself I have faith in that
Believe and one day, you'll do just as well nowAs you were you little puppet, you pauper, you freak, that's right
That's what some of them have said to me
So I object and try to figure things out for myself
I'm building up full emotional wealthBut the system can't bail me out of hell
I've made this discovery and it has helped
All I've got is myself, I have faith in that
Believe and one day, may be you'll do just as well nowThe inner strength, is what the hate, it wants us not to feel
The inner strength, is what the hate, it wants us not to feel
The inner strength, is what the hate, it wants us not to feel
The inner strength, is what the hate, it wants us not to feelIt's time that we helped, there's no room to fail
You already know the way out of hell
All we've got is ourselves, I have faith in that
Believe and one dayWe'll put the system in jail
We'll put the system in jail
We'll put the system in jail
We'll put the system in jailI made it through scraped black and blue
But so can you I made it through so black and blue
But you can too I made it through scraped
Black and blueWe'll all make it through
We'll all make it through
We'll all make it through
