

Stone Blind (feat. Myles Kennedy)

Slash

Stone blind, in the dark
Vision of beauty with an ugly heart
Stone blind
To everything about her oh yeah She pulled the wool over my eyes
But the last nail in my coffin robbed me blind
It's the truth I can't deny
Oh it feeds off good intentions
As you beg for second sights She's got me, stone blind
In the dark
Vision of beauty with an ugly heart
Stone blind
To everything about her yeah She always comes on way too strong oh
And the world fills up with fire when she's gone yeah
My double talking debutante
In a hustle she will own you
Until she gets all that she wants She's got me
Stone blind
In the dark
Vision of beauty with an ugly heart
Stone blind
To everything about her Oh She's such a wicked thing
And though I've seen it all before
I'm in the dark again
The woman's got away She got me stone blind
In the dark
Vision of beauty with an ugly heart
Stone blind
To everything about her
About her She's got me
Stone blind
In the dark
Vision of beauty with an ugly heart
Stone blind
To everything about her (Stone blind)
She pulled the wool over my eyes (stone blind)
She shot me down and robbed me blind (stone blind)
And now I'm begging her for second sights, oh
She's got me stone blind
