## **Break Away**

## **Tokio Hotel**

I've got other plans today Don't need permission anyway Here we're standing after all

With my back against the wall, against the wallI put all the blame on you

'Bout me in all that I went through

You don't give me any choice

Now, I'm gonna make some noise, make some noiseI feel so claustrophobic here

Watch out, now, you better disappear

You can't make me stay

I'll break away, break awayI'm warning you, don't follow me

I won't miss you, can't you see

What you wanted, it didn't work

Go on digging in the dirt, in the dirtCold sweat on your brow

Now, you can hear me shout

The world is about to destruct

Now, I'm gonna pull the plug, pull the plugI feel so claustrophobic here

Watch out, now, you better disappear

You can't make me stay

I'll break away, break awayNo one counting all your lies

No more waiting for your goodbyes

It's too late, much too lateYou are like a bitter pill

That I had to take against my willI feel so claustrophobic here

Watch out, now, you better disappear

You can't make me stay

I'll break away, break awayI feel so, claustrophobic here

Watch out, now, you better disappear

You can't make me stay I'll break away, break away

Break away, break away
