

Bike Ride

Limp

Riding my bike to the store with my friends and comin' out with a blue slurpee
lighting a match to a fuse and running really fast to get away from 80hop on your Huffy let's go ride down
suicide
moon walk to beat it with a grass stain and scratch on your kneestate of the art, pistol grip, black joystick I'm
gonna kick your ass at Frogger
Luke Skywalker, Han Solo, light saber I wanna have my way with Leiahop on your Huffy let's go ride down
suicide
moon walk to beat it with a grass stain and scratch on your knee
