

# Safe Sex

## Anvil

Gotta new lover  
Better take cover  
Got some advice  
You'd better think twice  
Arrow's in the quiver  
When you're ready to deliver  
Weenie wrap  
To collect the sap  
Stretch and Seal a meal  
It just don't feel real  
12 or 24 to the pack  
Find them on the drugstore rackSafe sex  
If I abstain  
I'll go insane  
Safe sex  
Give me sleaze  
And not diseaseElectro-tested for tears and leaks  
Lubricated prophylactic sheiks  
Get it up, get it on!yank it, crank it  
Piggies in a blanket  
Clean your gun  
When it's all done  
Vacuum packed for your protection  
Sanitized to fight infection
