

Serious Killer

Phazer

In my hand, I feel deeply the cry
I was fierce to make you understand why

In your eyes, I feel deeply the fear
It doesn't amaze me much, everyone is afraid

Who's gonna die? Who's gonna die??
Who's gonna die with you?
Who's gonna die?
Who's gonna die?

I am you; I'm only what you made me
I'm just reflecting yourself
I don't wanna be your scapegoat
Can I make you?

I give you my lost face, now I can't stop running
From the hungry beast
Don't blame me, I did not make you
I can not fake it with you

I am you; I'm only what you made me
I'm just reflecting yourself
I don't wanna be your scapegoat
Can I make you?

I give you my lost face, now I can't stop running
From the hungry beast
Don't blame me, I did not make you
I can not fake it with you

You cannot fake. I cannot fake
Why can't you live in my mind?
The filthy bed of humankind
Can you live in yourself?
Why don't you kill?

I don't mind to take you down
I realize, what a perfect day to kill!
