

Hard Rain Don't Last

[Darryl Worley](#)

Girl tonight it's pouring down on us
It's been building for so long
Yeah, it's dark I know but don't let go
And don't say our love is gone If we hold on till the morning
I know this storm is bound to pass
That ol' sun is gonna shine again tomorrow
Hard rain don't last Girl we tore it up, made a mess of it
Left the pieces on the floor
But if we forgive and get through this
We'll be stronger than before If we hold on till the morning
I know this storm is bound to pass
That ol' sun is gonna shine again tomorrow
Hard rain don't last Everything's gonna seem brighter when the sky clears
We'll still be loving each other after these tears If we hold on till the morning
I know this storm is bound to pass
That ol' sun is gonna shine again tomorrow
Hard rain don't last
