

# Linger Longer

[Heather Maloney](#)

Remember how we stood there  
Deep into the night  
Shaking in the cold air  
Shaking with delight. Remember how we laid there  
Until the break of day  
Casting off our winter clothes  
Casting off our hesitations Linger longer  
Stay awhile  
Linger longer  
I don't want to lose you Remember how I let you down  
In that lonely parking lot  
I'm giving you my hand now  
I'm giving this my best shot. Linger longer  
Stay awhile.  
Linger longer  
I don't want to lose you. I don't wanna lose  
I don't wanna lose  
I don't wanna lose  
I don't wanna lose Remember how we forgot  
Who each other was  
Remind us of that winter night  
Remind us of our love Linger longer  
Stay awhile  
Linger longer  
I don't want to lose you. I don't wanna lose.  
I don't wanna lose.  
I don't wanna lose.  
I don't wanna lose.
