

Can Someone Tell Me

Flavium

Days go by and I'm wishing
That you were kissing me goodnight
Every sunrise I'm so lonely
And I'm trying to get by
The thought of you comes back into my mind
Every time that I'm dreaming
I'm caught up in the rapture of your love
Is not enough to break down and cry
And just when I finally find the strength to break free
There you come along back into my life
Can someone tell me, how can I get
The thought of you out of my mind?
How can I learn to let you go?
Can someone help me? I feel it's urgent
I need someone whose heart is kind to mine
Could it be possible?
Someone who can love me forever
Someone who knows with time, love grows
Anyone who understands that it's better
When you love someone from your soul
