

# On Directing

## Tegan and Sara

You're directing me  
Your eyes focus like a microscope  
Because you need  
Eyes focused like a microscope Go steady with me  
I know it turns you off when I  
I get talking like a teen  
I get talking like a teen You're directing me  
You're dressed up, I lose my grip, my focus  
Make those eyes at me  
I lose my grip, I lose my focus Go steady with me  
I know it turns you off when I  
I get talking like a teen  
I get talking like a teen Go steady with me  
I know it turns you off when I  
I get talking like a teen  
I get talking like a teen You're directing me  
Eyes focused like a microscope  
Because you need  
Eyes focused like a microscope You're directing me  
You're dressed up, I lose my grip, my focus  
Make those eyes at me  
I lose my grip, I lose my focus Go steady with me  
I know it turns you off when I  
I get talking like a teen  
I get talking like a teen Go steady with me  
I know it turns you off when I  
I get talking like a teen  
I get talking like a teen Go steady with me  
I know it turns you off when I  
I get talking like a teen  
I get talking like a teen Go steady with me  
I know it turns you off when I  
I get talking like a teen  
I get talking like a teen
