Superstition Hwy

Bob Hate

Superstition Hwy.

This ain?t my town,
it ain?t your town, girl,
this here is a ghost town.
It?s not a steel town,
it?s not a sweat town,
there are no factories here.
It?s not a good place,
it?s not a bad place.
Best thing about it is the concrete and the asphalt.
Best thing about it is the rushing of the wheels.

Chorus:
Out on the Superstition Highway,
we?ve got a way, out of this place.
Superstition Highway.
You and me, girl, we ain?t going to have to die here.

This isn?t heaven
It?s not the promised land
Those aren?t mountains,
this isn?t desert sand.
Last night I had a dream,
you and me we were driving.
We crossed the Rio Grande.
You woke up and said, ?You know,
I love Mexico.
We?ll be all right.?

Chorus

How long must a good man run?
How fast?
How far?

Chorus
