

# Where Are You Now?

[Michelle Branch](#)

Maybe I'll be better on my own  
Nobody ever seems to understand me  
It's easier for me to be alone  
Until a piece of me that feels so empty  
I've been all over the world  
I've seen a million different places  
But through the crowds and all the faces  
I'm still out there looking for you Where are you now?  
I'm trying to get back  
With never ever knowing at all  
What is the chance  
Of finding you out there  
Until I have to wait forever I write about the things I'll never know  
And I find a moment to slow down  
Makes me think I'll never have the chance  
To figure out, to figure out  
What it's all about, what it's all about  
So tell me, tell me  
What it's all about Cause  
Where are you now?  
I'm trying to get by  
With never ever knowing at all  
What is the chance  
Of finding you out there  
Until I have to wait forever Where are you now?  
I'm trying to get by  
With never ever knowing at all  
And I still don't know Where are you now?  
I'm trying to get by  
With never ever knowing at all  
What is the chance?  
Of finding you out there  
Until I have to wait  
Until I have to wait forever
