

# I Hate California

## The Last Royals

She's probably in a Bentley  
Showin' off her new fake boobies  
Tryin' to break into the movies  
With some producer who seduced her  
With some sushi and cologne  
She's probably down on Sunset  
Doin' all the things that she ain't done yet  
With some actor she calls Hector  
Man, I wish she'd meet Phil Spector  
And he'd ask to take her home  
She's lovin' California, she loves the beach  
She loves the party everyday  
Pi
