

Myenemy

Parcels

So fight up
Take a seat
So tight up
Only make believe
All my love
Take from me
All eyes up
But nothing there to see
What I never touch
I see
What it never touched me
Oh what I never thought I dreamed
My enemy! Cold enough
The shake in me
It's so tough
Just wait here patiently So times' up
This jade in me
So I must
Fight the time we keep
What I never touch
I see
But what it never touched me
What I never thought I dreamed
My enemy! So tight
So tight up
Tight up
So tight up
Tight up
So tight up
Tight up
So tight up
My enemy!
