

Several Girls Galore

My Bloody Valentine

Heard that I met me once before
Was it me or just don't you care Once more ignore
As I wrap me around we
I'm never quite there at all So which me should I put on
To go out driving in my car Feeling so sore
I took me out dancing
Three of me or more Insane, I'm sure
We're living inside me
Are several girls galore Once more ignore
I'll wrap me around we
I'm never quite there at all Insane, I'm sure
We're living inside me
Several girls galore
