

I Am Trying Very Hard to Be Here

AFI

Before you came what was your name?
Did you look like me?
No one's from here, no one my dear
Not even the trees So change your name
Just keep your face
We're temporary anyway Before you came
We played this game
In our masquerade Flash, flash, car crash
We're no fixtures
Quick, now, quick
Take our picture
Flash, flash, car crash
We're no fixtures What was your past?
When was the last time
That you recall someone you knew
Was someone who asked nothing of you? So lose your past
I'm sure you'll find
It's in the way all the time Before you're through
You're someone who
Looks a lot like you Flash, flash, car crash
We're no fixtures
Quick, now, quick
Take our picture
Flash, flash, car crash
We're no fixtures We can't, can't remember the seasons
We chant in the man made snow
We can't, can't recall the feelings
We cannot show Flash, flash, car crash
We're no fixtures
Quick, now, quick
Take our picture
Flash, flash, car crash
We're no fixtures Flash, flash, car crash
We're no fixtures
Quick, now, quick
Take our picture
Flash, flash, car crash
We're no fixtures
