

# Galaxy

## War

Take me to your place in space  
I'm sick and tired of the rat race  
On rocket ship no time to wait  
I just want to gravitate It's out of sight, it's out of sight  
It's out of sight, it's out of sight  
Gone, it's gone It's out of sight, it's out of sight  
It's out of sight, it's out of sight  
Gone, it's gone I'll take you out to see the place  
Where man and moon have a smilin' face, oh yeah  
You don't have to wear no fancy lace  
Just a funky feel and a lot of taste It's out of sight, it's out of sight  
It's out of sight, it's out of sight  
It's gone, it's gone It's out of sight, it's out of sight  
It's out of sight, it's out of sight  
Gone, it's gone People movin' to and fro  
To a song and a band and a laser show  
Superman, Batman, goin' all night  
Playin' one on one with a meteor light It's out of sight, it's out of sight  
It's out of sight, it's out of sight  
It's gone, it's gone It's out of sight, it's out of sight  
It's out of sight, it's out of sight  
Gone, it's gone, gone, gone Ninth dimension, seventh lane  
I'll get raised in solar cane  
The star patrol said keep it down, keep it down, keep it down  
Keep it down, keep it down, keep it down, keep it down As long as the rule when you stay in town  
As long as the rule where you stay around Out of sight, it's out of sight  
It's out of sight, it's out of sight  
It's gone in the galaxy  
It's gone at the galaxy Out of sight, it's out of sight  
It's out of sight, it's out of sight  
It's gone in the galaxy  
It's gone at the galaxy Out of sight, it's out of sight  
It's out of sight, it's out of sight  
It's gone in the galaxy  
It's gone at the galaxy
