

# Disappear

[Selena Gomez](#)

Disappear I remember the first time but it wasn't the last time  
That you told me that you'd take me back so I'm still wonderin'  
Why it was ever a question, I should've learned my lesson  
I keep comin' back like a heart attack that's always breakin' I can't let you vanish  
There's no magic when you're gone You say you don't need me, you say it's time to leave me  
I'm not gonna let you disappear  
I don't wanna hear it, I don't wanna believe it  
I'm not gonna let you disappear Oh, oh, oh  
Oh, oh, oh  
Oh, oh, oh  
Disappear I don't wanna be lonely but you were always the only one who cast a spell  
And made it feel like all of this was real  
Nothin' but an illusion but I'm not gonna lose ya  
So just do your trick and make it quick 'cause I'm pretendin' I can't let you vanish  
There's no magic when you're gone You say you don't need me, you say it's time to leave me  
I'm not gonna let you disappear  
I don't wanna hear it, I don't wanna believe it  
I'm not gonna let you disappear Oh, oh, oh  
Oh, oh, oh  
Oh, oh, oh  
Disappear Don't go I can't let you vanish  
There's no magic when you're gone Oh, oh, oh  
Oh, oh, oh  
Oh, oh, oh  
Disappear You say you don't need me, you say it's time to leave me  
I'm not gonna let you disappear  
I don't wanna hear it, I don't wanna believe it  
I'm not gonna let you disappear Oh, oh, oh  
Oh, oh, oh  
Oh, oh, oh  
Disappear Oh, oh, oh  
Oh, oh, oh  
Oh, oh, oh  
Disappear Don't go  
Disappear
