## Disappear

## **Selena Gomez**

DisappearI remember the first time but it wasn't the last time That you told me that you'd take me back so I'm still wonderin' Why it was ever a question, I should've learned my lesson

I keep comin' back like a heart attack that's always breakin'I can't let you vanish There's no magic when you're goneYou say you don't need me, you say it's time to leave me

I'm not gonna let you disappear

I don't wanna hear it, I don't wanna believe it

I'm not gonna let you disappearOh, oh, oh

Oh, oh, oh

Oh, oh, oh

DisappearI don't wanna be lonely but you were always the only one who cast a spell

And made it feel like all of this was real

Nothin' but an illusion but I'm not gonna lose ya

So just do your trick and make it quick 'cause I'm pretendin'I can't let you vanish There's no magic when you're goneYou say you don't need me, you say it's time to leave me

I'm not gonna let you disappear

I don't wanna hear it, I don't wanna believe it I'm not gonna let you disappearOh, oh, oh

Oh, oh, oh

Oh, oh, oh

DisappearDon't goI can't let you vanish There's no magic when you're goneOh, oh, oh

Oh, oh, oh

Oh, oh, oh

DisappearYou say you don't need me, you say it's time to leave me

I'm not gonna let you disappear

I don't wanna hear it, I don't wanna believe it

I'm not gonna let you disappearOh, oh, oh

Oh, oh, oh

Oh, oh, oh

DisappearOh, oh, oh

Oh, oh, oh

Oh, oh, oh

DisappearDon't go
