

# Hush Boy (Soulseekers Remix)

## Basement Jaxx

So, there we were at a table for two  
With a glass of bubbly and my brand new shoes  
Found the restaurant on the internet  
This Mexican place, but they haven't finished it yet  
He took my hand and said,  
"I love your eyes, your lips, your hands, your toes"  
He seem intoxicated  
As he started to chat a little X rated  
I put my fingers to his lips and said Hush boy (if you want me for your girlfriend)  
Just take it slowly boy, there's no need to rush it  
Hush boy (if you want me for your girlfriend)  
Come on boy, don't play it tough  
So the food was good, I had a chicken fajita  
But he finished my plate and had four margaritas  
As we gazed into each other's eyes  
His ex walked in with her brand new guy  
My man he tried to jump on me  
To kiss my arms, my legs, my hips, my lips  
He knocked the drinks everywhere  
As he started to make an apology, I covered his mouth with my hand and said Hush boy (if you want me for your girlfriend)  
Just take it slowly boy, there's no need to rush it  
Hush boy (if you want me for your girlfriend)  
Come on boy, don't blow your chance (We all need a little romance)  
Hush boy  
Just for the first date  
Hush boy  
You shouldn't worry cause I like you we should have some fun  
Seamlessly  
Those butterfly kisses all over me  
Now dancing eyelashes  
Sometimes dreams come true  
I know talk to much most of the time  
Especially when I'm in the bed or under one  
You make me just want to push your buttons in too much, girl  
When you blush  
Hush, girl  
You M-O-V-E me  
L-O-V-E  
That's all that's comin' from me  
You're so sexy when I'm treading on dangerous ground.  
You bite your lips I just get hard when I see you frown.  
I want you to be my one and only  
Hush boy (if you want me for your girlfriend)  
Just take it slowly boy, there's no need to rush it  
Hush boy (if you want me for your girlfriend)  
You know, I don't really want to fuck this up, ?

Come on, give me a little of your time, before you make up your mind  
You shouldn't worry cause I like you we  
should have some fun
