

Crew Love (Drake ft The Weeknd Cover)

Gemini

Take your noise off my keyboard,
What your bothering me for?
And there's a room full of love,
And there's a room full of love,(love)
This ain't no fucking sing-along,
So,what you got me singing for?
And there's a room full of love,
And there's a room full of love,
Love...,
Rainbow is flowing,
Never this going,
Straight to the top,
Rooftop is glowing,
Whole lot of cash,
Tryin' lose it real fast,
And there's a whole lot of a love,
And there's a whole lot of a love,
And there's a whole lot of a love,(8x)
Take your noise off my keyboard,
What your bothering me for?
And there's a room full of love,
And there's a room full of love,
This ain't no fucking sing-along,
So what you got me singing for?
And there's a room full of love,
And there's a room full of love,
And there's a room full of love,
And there's a room full of love,(8x)
And there's a room full of love,
