Rebel Soul

Bis

We've got nothing to prove
But you've got nothing to lose
We might not take it all
We only want your rebel soulGive a little rebel
I got a blue heart
Give a little rebel
And it's a new hurtIt's time to let the people know
You'll never take our rebel soulA bad influence on youth
But we're the message of the truth
Teen-C power unites us all
And all the kids have got a rebel soulOur spirits will never sell out
But your mind is a shadow of doubt
Won't be diluted to satisfy you
No matter what you think is trueGive a little rebel soul
I'm not your play toy
Give a little rebel soul
The rebel soul boy
