I'll Pray for You

Gaither Vocal Band

I've been there right where you are,
Heart so broken, God is so far
Sleep won't come and tears won't quit
Can you remember, I won't forgetCHORUS
When you can't think, you can't even pray
Please hear me when I say
You may not have the words, but until you do
I'll pray for you.Till clouds clear and you start to see
I'll be here down on my knees
Just hold on to one thing that's true
All this time He's holding youCHORUS
