Static

Huntress

Strange things are happeningConfused by the unknown
Like science fiction in a dead zoneMachine disease
Low frequencies
You cannot hide
It crawls inside your ears
Feeding on your mindWhite noise is all you hear
When you close your eyes to sleep
Dreams of electric beasts, harsh tweak
Electro fields
Magnetic shields
Shock therapy
The sirens scream, panic
Takes over the streetsStatic the sickness no one ever survivesBrain dead humanity
Zombies of the noise
Blank generation destroysCan't get no help, no fix
Drugs no longer work
Lost in a maze where life and death blur
Machine disease
Low frequencies
You cannot hide
It crawls inside your ears
Draining all your mindStatic the sickness no one ever survives
Evil within electric
Static comes for your lives
