# Music My Rock

## Bedouin Soundclash

Bedouin Soundclash-Music My RockDown on the road a shadow will fall
the crowd move it aside to the pressure and slide
Put down your roots and your rhythm in drive
Valley to mountain top this rythm never stopChorus:
We've got the roots in music my rock
In the storm that life blows
It's the anchor that holds
Play me some roots
Music my rock
In the storm that life blows
It's the shelter I know
YeahPlay I some music, radio
Something to go oh
And bend in my soul
Play I some music, stereo
Something to go low
And bend in my soulChorus:
Play I some roots, music my rock
In the storm that life blows
It's the anchor that holds
Play me some roots
Music my rock
In the storm that life blows
It's the shelter I know
YeaMy only woman was a shadow and bone
Come into my house
Leave me alone
But in the morning brick by brick I have grown
And forget the court house
Broke with the stones throw
Yeah(Repeat Chorus 2 X)
