

Heaven

T.O.L.D.

Ah-oooh, ah-ooooh, ah-ooooh
Ah-oooh, ah-ooooh Serotonin summer days
We all move a different way
I see color in your face
Now I'm seeing better days In the blue exotic haze
Heaven stole us for the day
We've no shelter from the rain
These serotonin summer days
These serotonin summer days Serotonin summer days
We all move in different ways
I see color in your face
These serotonin summer days
These serotonin summer days When the, the darkness reigns
Remember those summer days
When the, the darkness reigns
Remember those summer days When the, the darkness reigns
Remember those summer days
When the, the darkness reigns
Remember those summer days
