

# There Must Be More To Life Than This

[Michael Jackson](#)

There must be more to life than this  
There must be more to life than this  
How do we cope in a world without love  
Mending all those broken hearts  
And tending to those crying faces  
There must be more to life than living  
There must be more that needs the light  
Why should it be just a case of black or white  
There must be more to life than this  
Why is this world so full of hate  
People dying everywhere  
And we destroy what we create  
People fighting for their human rights  
But we just go on saying see'est la vie  
So this is life  
There must be more to life than killing  
A better way for us to survive  
A living hope for a world fill with love  
And waking up, just making noise  
There must be more to life than this  
There must be more to life than this  
A living hope for a world fill with love  
There must be more to life, than this  
There must be more to life, much more to life  
There must be more to life, more to life than this
