Blind Man

Amanda Ghost

It must be wonderful
To think you know it all
It must be beautiful
To really believe in youBut, I am constantly waiting
I am looking for your soul
I am constantly praying
I've come looking for you, looking for youBlind man, you do what you can
You do what you can to be superman
Blind man, I'll do what I can
I'll do what I can to make you believeYou must be thrilled to bits
The happy hypocrite
And when you're out of it
The whole world is with you tooBut, I am constantly waiting
I am looking for your soul
I am constantly praying
I've come looking for you, looking for youBlind man, you do what you can
You do what you can to be superman
Blind man, I'll do what I can
I'll do what I can to make you believe
To make you seeBut, I am constantly waiting
I am looking for your soul
I am constantly praying
I've come looking for you, looking for youBlind man, you do what you can
You do what you can to be superman
Blind man, I'll do what I can
I'll do what I can to make you believeI'll make you believe
(To make)
I'll make you believe
(You see)I'll make you believe
I'll make you believe
I'll make you believe
I'll make you believe
