I'll Still Miss You

[Kolton Moore & the Clever Few](#)

Things have gotten serious
Things have gotten bad
I hate to be hateful
But I feel that's all that I have
I wish that you would just calm down
And the sea would turn to glass

All the will inside your bones
Yeah this too shall pass

One day you'll go to your closet
Grab those old pictures
And think about how you hate me

I hate to admit it
But I know that it's true
Just know that I won't be around
But I'll still miss you

I know you'd thought it'd never end

But things changed somehow
You dreamed of wedding bells
Yeah you dreamed of wedding gowns

You talked about children
You talked about gettin old
And I don't know if I'll do those things
Because I already feel so damn old

And one day you'll go to your closet
Grab those old pictures
And think about how you hate me

I hate to admit it
But I know that it's true
Just know that I won't be around(repeat)
Just know that I'll never be around
But I'll still miss you

I'll still miss you
