'Be'

Daley

It's been so long
Meet me at the station
We can take a taxi home, maybe
It's time for conversation
Catch up on some days,
I dont know, but
You said we've done it all
Flame went out, the spark is gone
What if you're wrong?
It's been so long since you've see me
How can you know how you really feel?If we run out of things to say
I promise I won't make you feel bad
We'll just roll the windows down
We'll drive around this town and be, be, yeahWill you sleep tonight
or will you lay awake like me, like me.
Pillow to pillow, back to back
Pulling the sheets and all that
Waiting for eyes to meetWake me when you wake up
Miss me when we break up
Kiss me when we make up, yeah
I know it's not the same but,
Don't wanna say we gave up
Please dont give the game up, no,Cause if you don't know what to say
I promise I won't make you feel bad, no, no
Cause you're not the only one who's scared to say youre still in love
If we run out of things to say
I promise I won't make you feel bad, nooo, nooo,
We'll just roll the windows down
Well drive around this town and be, be ,yeahSo when the right words won't come out
As the city lights pass us by
Let the silence be the only sound
And now hear everything I need to hear,We've been through it all
And if you don't know what to say
I promise I won't make you feel bad, nooo, nooo
We'll just roll the windows down
Drive around this town and be, be, yeah
