

Just a Little Bit

Destra

We inna bachannal
Destra come again
Yeahh
A little jooking
A little working
A little jammin
We having a ball
When ramdam rolling
And waste line turning
Just give me something
Boy don't stop at all
Yuh sexy and yuh getting on
Oohhhhhh,you looking rude
I love the way you turn it on
Oooohhhh, you putting me in the mood

If you don't your girlfriend
And I don't my boyfriend
We don't have to pretend at all
Ain't nothing wrong with whining
A little dirty dancing
Like now is perfect timing

Chorous
(Back up on the wall)
Just a little bit
Just a little bit
Just a little bit of whine nothing wrong with it
Just a little bit
Just a little bit
Just a little bit of grind I could handle it

A little jooking(jooking it)
A little working (working it)
A little jamming (jamming it)
We having a ball
When ramdam rolling
And waistline turning
Just give me something

Boy don't stop at all

I feel like I could give you all(ooohhh)

When you whine like that

Like I don't want to stop at all

Ohhhhhhh

I whining back

But you don't have your girlfriend

And I don't have my boyfriend

And this is just a random song

But I like how you climb it

You take your time and ride it

Its trouble yuh guh find it

Don't hold back at all

Chorus

Just a little bit

Just a little bit

Just a little bit of whine nothing wrong with it

Just a little bit

Just a little bit

Just a little bit of grind I could handle it

A little jooking

A little working

A little jammin

We having a ball

When ramdam rolling

And waste line turning

Just give me something

Boy don't stop at all

(Chorus repeat)

Hold on tighter

Jam it harder

Work it just like that

And don't stop whining

Its dirty jammin

Nothing wrong with that

If you don't your girlfriend

And I don't my boyfriend

We don't have to pretend at all
Ain't nothing wrong with whining
A little dirty dancing
Like now is perfect timing

(Chorus repeat)
