Pull the Trigger (Remixed by Unheiling)

Terminal Choice

you try to break me with your violent words
you know everything you do hurts
you can never change my point of you
I have to denied everything you doand I am waiting for the moment
when I look into your eyes
I pull the trigger
I hear the gunshot
I see your brain spread on the wall
this is the last time that I see you
you can't hurt me anymore
the final solution to find my freedom
to solve this problem
now you're deadall the pain you're sowing comes back to you
I know there's nothing you can do
you can't escape my unstopable hate
don't turn around 'cause it's to late
