

# The Faker

[Ty Segall](#)

I'm the faker with the other name  
On the paper riding on the fame  
I will make you see up to  
For the longing of the other Ask your boss man  
For a raise  
Tell your momma  
She better keep her change Dream taker, with the other face  
Gold duster riding on the pace  
He will make you see up to the  
For the longing of the other Ask your boss man  
For a raise  
Tell your momma  
She better keep her change
