

Joey

Tancred

I knew you before you could date
It felt like served you up on a plate

Oh oh oh

Saw him pick you up in his car
Joey's got us all seeing stars

Oh oh oh

But I don't care

I'll just never be, never be cool

Never be

One of you, one of you

Tell me, where do you get your clothes?

I just gotta have some of my own

Oh oh oh

But I don't care

I'll just never be, never be cool

Never be (never be)

One of you, one of you

Saw him pick you up in his car

Joey's got us all seeing star
