

Professional Torturer

[Alanis Morissette](#)

Infatuation
Court well meant
Cause I'm the easiest to sway
Catch my fancy and commitment
Riding fresh chemistryOne by one conditions change
Slippery slope yields sheckled phase and
Gone are the days of snare and twill
An admission to sexy hellI don my crown
And moniker claim as
Professional torturer
as mea culpa
I renounce my name
Professional torturerEybrows raise and facades do fade
Poised refrained as pre-culling
Hands still hold but gazes abate
This masochism enfolds meI don my crown
And moniker claim as
Professional torturer
as mea culpa
I renounce my name
Professional torturerI don my crown
And moniker claim as
Professional torturer
For you my boy
I renounce my name
Professional torturer
