

# I've Been Up These Steps

## Gob

It was the worst time  
The first time it ever went sour  
Things fell apart too soon  
I was so let down  
I learned then to never go back  
I've been once, only once  
Never reconnect me  
It's better done, better seen, whoa  
It's sinking so I'll get out alive  
It could be the death of me, whoa  
There's no reason to hold on  
I never fall down  
Because I never get dizzy  
It might be bitter, whatever  
It's nothing I can't  
Wash my hands of anyhow  
Never reconnect me  
It's better done, better seen, whoa  
It's sinking so I'll get out alive  
It could be the death of me, whoa  
It's so useless, so useless  
The burn will be there  
I'm not fooling myself  
I won't regret it, forget it  
I'll never go back

I'll never turn back, no  
I've been held  
Held down too long  
It won't hold very long  
I've been held  
Held down too long  
It's nothing that I can't escape  
Never reconnect me  
It's better done, better seen, whoa  
It's sinking so I'll get out alive  
It could be the death of me, whoa  
It was the worst time  
The first time it ever went sour

I've been once, only once  
Never reconnect me, whoa  
It's better done, better seen, whoa  
It's sinking so I'll get out alive, whoa  
It could be the death of me, whoa  
Never reconnect me, oh  
It's better done, better seen, oh  
Never reconnect me, oh  
It could be the death of me, whoa
