Fall in your ways so you can crumble  
Fall in your ways so you can sleep at night  
Fall in your ways so you can wake up and riseFall in your ways so you can crumble  
Fall in your ways so you can sleep at night  
Fall in your ways so you can wake up and rise  
Fall in your ways so you can crumble  
Fall in your ways so you can sleep at night  
Fall in your ways so you can wake up and riseWalk in your ways so you won't crumble (so you won't crumble)  
Walk in your ways so you can sleep at night  
Walk in your ways so you don't wake up and rise
