# Coastal

## Kindling

Tank top, love handles
Tube socks, Jesus sandals
Cheap blender, ice bucket
Raw oysters, yeah, give me one and shuck itHolds up a frozen orange daiquiri and laughs
Here's to the boys at the factoryNo more building transmissions
He's going deep sea fishing
Catch a marlin, catch a tan
Catch a local cover bandHey, you gotta watch that man
He'll go coastal on yaSilver hair, silver Buick
Winter's coming, better move it
Southbound 'fore they get snowed under
Call the kids, tell 'em see you next summerNo more freezing their tails off
It's cataract sunglasses and a round of golf
Red skin, green plaid, margarita, dog track
Before you know it Mom and Dad
They'll go coastal on yaSounds so good, got me thinking
What do y'all say after I'm done singingWe just take a little getaway
Cruise it down the A1A
Florabama to the Keys
Better keep your eye on meI'll go coastal on ya
I'll go coastal on ya, yeah, yeah
Yeah, I'll go coastal on ya
