The Somberlain

Dissection

I fell deeper and deeper as light now was gone I could feel the dark embrace my soul Agony was no more, and so was pain At this point of solitude I knew I was there... There where I belong Thus far a long journey through my soul's infinity It has been a journey far beyond mortality I have found what I wanted, tranquility I'll thrive on evil, eternally I flew over crystal ground My existence numb Over orchards of grievance, sorrow and tears This beautiful silence... calls me now Black fog devours me but I can see it all The monument of my past, The land of the seven horizons' before my eyes I reach the land of spiritual rest It's the dawn of descending -I am the Somberlain down to evil devine domain Lord of infernal, gather my strength Carry me through the gates It's the dawn of descending -I am the Somberlain down to evil divine domain For I'm eternal night -I'm the Somberlain Precede my evil divine domain
