

# Maybe It's Time

[Kenneth Pattengale & Joey Ryan](#)

Did someone hurt you many years ago  
Did someone desert you when you needed them the most  
The pain stayed with you everywhere you'd you  
And it's been so long now but you just can't seem to let it go  
Maybe it's time  
Maybe it's time to tell it you don't need it anymore  
But did you lose someone that you loved  
Did they move far off or do you picture them above  
Does an emptiness inside you and its worse when you're alone  
And it feels so heavy now like you're carrying the weight of a stone  
Maybe it's time  
Maybe it's time to tell it you won't carry it anymore  
Cus we ain't got a long time  
And there's a lot to do  
Oh first you gotta leave some things behind  
Maybe it's time  
Maybe it's time to leave your change behind  
But did you ever love someone so much that you can't explain  
When you're with them it's like thunder keeps rolling through your brain  
And maybe you had someone before but this one is not the same  
You can feel it in the depths of your soul but you still can't bring yourself to say it  
Maybe it's time  
Maybe it's time for me to tell you I can't be without you anymore
