

# You're All I Need To Get By

Diana Ross

When I was just a little girl  
I wanted the world at my feet  
Now all that's changed  
'Cause I have love  
And now I do can see Like sweet morning dew  
I took one look at you  
And it was plain to see  
You were my destiny With arms open wide  
I threw away my pride  
I'll sacrifice for you  
Dedicate my life to you I will go, where you lead  
Always there in time of need  
And when you lose your will  
I'll be there to push you up the hill There's no, no looking back for us  
We've got love, sure enough, that's enough  
You're all, you're all I need to get by Like an mother protects his nest  
For you I'll do my best  
Stand by you like a tree  
Dare anybody to try to move me Darling in you I found  
Strength where I was torn down  
Don't know what's in store  
But together we can open any door Just to do what's good for you  
And inspire you a little higher  
Know you can make a woman  
Out of the soul that didn't have a goal 'Cause we, we got the right foundation  
And with love and determination  
You're all, you're all I want to strive for and do a little more  
All, all, all the joys under the sun wrapped up into But you're all, you're all I need, you're all I need  
You're all I need, And you're all I need to get by  
All I need to get by  
You're all, all I need to get by  
All, all I need to get by
