Look
What's her name ?
I musta forgot
Too many cities
Too many bottles
Too many thots
Too many problems
Not enough answers
Shawty she ah school girl
But at night she ah dancer
You should know
She gon work
She fell in love with the life
The money first
She gon play
With your heart
She make it worst
I salute the things you do to make it workGon get it
My shawty ain't scared
My shawty ain't scared
My shawty ain't scared (nah,nah)
I see you working
Gon get it
My shawty ain't scared
My shawty ain't scared
My shawty ain't scared (nah,nah)1 a.m
Pulled up to the house
Shot that text
You know what's next
We all on the couch
I'm her choice
You can have it after
I know you ain't perfect
But tonight it don't matter
I see the truth
I see the hurt
I see the love
I see the pain
In your eyes

But I'll admit I'll take the blame
But lets be real
I want your love don't act surprisedGon get it
My shawty ain't scared
My shawty ain't scared
My shawty ain't scared (nah,nah)
I see you working
Gon get it
My shawty ain't scared
My shawty ain't scared
My shawty ain't scared (nah,nah)
