

A Whisper of Death (Intro) (Acoustic)

Virgin Steele

[ENDYAMON "Show you no mercy, we're far from the Light in PURGATORY:]

Sign in the distance, leave it behind . . .

There is no meaning, when the promises are lies I'll bring you pain,
far from the Light . . .

I see the Rings around the Sun, I know their Names I see the
Colors turn and run, I stay the Same.

There is no meaning when the promises are lies I'll bring you pain,
far from the Light . . .

[ENDYAMON:]

(Victory, Holy War, I am reborn tonight on EARTH,
You will know, you will see the end of all former might
HEAVEN and Right in the window, I know where you are HELL)
Hunting and killing again
Holy Tomorrow I see where you are I will be there when you die !

[THE GODS:]

A WHISPER OF DEATH

I bring to you

The Sons of Tomorrow, I know that they're through
There'll be no mourning, the Skies are alive

A WHISPER OF DEATH,

Fall in the sight of your God

A WHISPER OF DEATH !

[ENDYAMON:]

Crush them all, kill their Reign

See them Fall from the Light Who will know, who will win
Seven years from tonight Gods in the mirror I know where you are
Haunting the still of the night

Holy Tomorrow I see where you are I will be there when you die !

[THE GODS:]

A WHISPER OF DEATH

I bring to you

The Gods of Tomorrow, I know that they're through
There'll be no warning, the Skies are alive

A WHISPER OF DEATH . . . ,

when the Spirit's torn from your Flesh . . .

[ENDYAMON:]

A WHISPER OF DEATH,

A SHADOW OF FEAR

Seven Riches of the Skies

A WHISPER OF DEATH

I bring to you Seven meanings of our Love

There'll be no warning, the Skies are alive

A WHISPER OF DEATH

[THE GODHEAD:]

Thunder War,

Blood and gore Send them

Fear on the tide I will know, I will win Kill them quick,

'fore they rise Bride in the mirror I know who you are

Writing the Book of Demise

Holy Tomorrow I see where you are I will be there when you die !

[ENDYAMON:]

NO ! A WHISPER OF DEATH

I bring to you The Gods of the moment,

I know they're through We're pounding the Valley, the Skies are aflame

A WHISPER OF DEATH,

I bring to you Seven meanings of our Love

There'll be no mourning, the Skies are a lie

A WHISPER OF DEATH, Fall in the sight of your GOD ! ! ! ! ! ! !

A WHISPER OF DEATH ! ! ! ! ! ! ! ! ! !
