

Mojo Boogie

Mojo Blues Band

Been to New Orleans
And I sure had a wonderful time
I been to New Orleans
And I sure had a wonderful time
I was high, high as a Georgia pine My auntie carried me all down on Rampart Street
Seen everybody I wanted to meet
She said, "J.B., son, stop, look and listen to me
They got somethin' knock you off of your feet" They got that mojo boogie
The mojo boogie
Got that mojo boogie
Begin to slide on down I thought she was talkin' about all over in Algiers
Said, "Auntie, please tell me just what did you say?"
They got the Louisiana boogie, all them other kinda things
They even got that thing they call that mojo hand They got that mojo boogie
The mojo boogie
Got that mojo boogie
Begin to slide on down I got one jack, sure is crazy
My aunt forgot to teach me just how to operate it
I went to a night club, I was squeezin' it tight
Below I believe that [Incomprehensible] start to fight Me and this mojo boogie
I had the mojo boogie
Had that mojo boogie
Begin to slide on down
